DISPOSAL

CAUTION:

- Never dispose of a front seat outer belt that has an inactivated pretensioner.
- The seat belt pretensioner produces a loud, exploding sound when it activates. Perform the operation where it will not be a nuisance to persons nearby.
- Stand at least 10 m (33 ft) away when activating a front seat outer belt (with the seat belt pretensioner).
- Use gloves and safety glasses when handling a front seat outer belt with an activated pretensioner.
- Always wash your hands with water after completing an activation.
- Do not apply water to a front seat outer belt that has an activated pretensioner.
