Diagnostic Trouble Codes

Reads and clears OBDII diagnostic trouble codes quickly & easily.

Expandable Memory

Expandable memory slot to easily increase the device storage space.

Windshield Mount

Sturdy suction cup mount allows for easy adjustment & easy device mounting.

THE FIRST BLUETOOTH WIRELESS FLASH DEVICE!

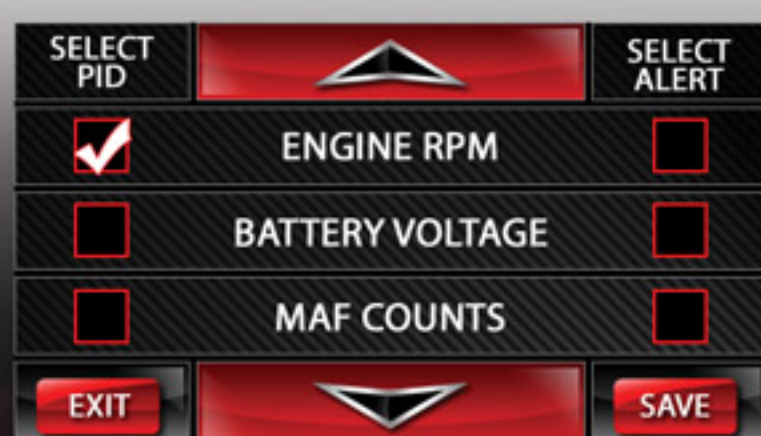

The Touch Screen Xtreme features the latest in Bluetooth wireless technology allowing you program or data log your vehicle wirelessly! Programming your vehicle with one of SCT's pre-loaded performance or fuel economy tune files is as easy as 1-2-3. Simply plug the wireless OBDII connector into your vehicle's OBDII port, select the pre-loaded tune file using the touch screen and within minutes the Touch Screen Xtreme wirelessly programs your vehicle.

BUILT-IN PERFORMANCE CALCULATOR

Using the built-in Performance Calculator you can easily measure your vehicle's 1/4 Mile Elapsed Time, 0-60MPH Elapsed Time and even Horsepower & Torque ratings. The Touch Screen Xtreme accurately estimates your vehicle's performance based on data monitored from the vehicle's computer. Now you can easily measure performance gains before and after you make vehicle modifications!

EASY RESTORATION BACK TO THE STOCK PCM CALIBRATION

The Touch Screen Xtreme backs up your factory PCM program during installation should you ever need to return your vehicle to the stock PCM program. Restoring your vehicle to the stock PCM program is as easy as selecting "Return to Stock" from the Vehicle Tuning screen.

PID Selection Screen

Data Monitoring Screen

HIGH SPEED DATA LOGGING & ON-DEVICE MONITORING

Need more data other than just performance or fuel economy estimates? Easy! The Touch Screen Xtreme features built-in high speed data logging & monitoring of hundreds of PCM parameters. You can select each parameter using the device or download a copy of SCT's Live Link Data Logging software, create a list of parameters on your laptop or desktop PC and upload the list to the TSX device.
